The Youth Dreamers Advisory Board

The Advisory Board supports Youth Dreamers through gifts of: time and energy, knowledge, personal connections, and financial support. Youth Dreamers encourages creative forms of contributing and sees them as essential to its health and growth. In FY14, there will be a special focus on marketing the book I Am Not a Test Score: Lessons Learned from Dreaming and supporting the launch of the *Dream BIG: Youth Dreamers Scholarship Program*.

In addition to raising money through personal contributions, Advisory Board Members will assist staff with meeting our overall fundraising goal by participating in the following activities listed below (please check one or more):

- Attend community meetings and events as a representative for the Youth Dreamers
- Contribute new names of people who might give to Youth Dreamers for our mail appeals
- Write notes on letters to donors and prospective donors
- Personally meet with individual donors (we'll help prepare you and you won't be going alone!)
- Conduct research about potential donors
- Review donor lists/database for accuracy
- Assist with social networking (e.g. Facebook, blog posts, etc.)

Other ways to commit include:

Host an outreach event at your place of worship, community organization, job site, or your home. Youth Dreamer's staff and perhaps a board member will make a presentation – you just need to set it up and invite the audience.

Lend us your contacts, especially with potential donors. Help us identify and connect with foundations, community & religious organizations, and individuals who may support Youth Dreamers.

Help Youth Dreamers connect with local, regional and national media.
